

# Welcome to Safe Harbor's Community Center

Here are a few things to remember while you are here:

- 1) We keep the door locked for safety reasons. Please inform staff if anyone is at the door that you do not recognize.
- 2) Mutual respect is a value we hold highly at Safe Harbor. We ask that there be no disrespect of other guests, volunteers or staff while you're here, including arguing, gossiping, and threats (includes joking). Issuing threats will result in a loss of privilege for attending the Community Center. Physical violence will result in the police being called, and guests will be banned from the Community Center. We do our best to ensure an environment that is safe for everyone which includes peace and hospitality.
- 3) Cell phones may be used inside the building, being mindful of noise and respectful of others.
- 4) Smoking and vaping on the property is restricted to the area by the "chimney" only. Please do not sit on playground equipment to smoke.
- 5) Please do not touch or move anyone else's things while you are here.
- 6) We ask that you do not tend any children that are not your own. This includes but is not limited to: Verbal disciplining, taking another child to the restroom or changing a diaper, getting a child food/drink/toys without the mothers' permission, etc.
